NEW UPDATE

980311-01B 9" BY-PASS PRUNING SHEAR

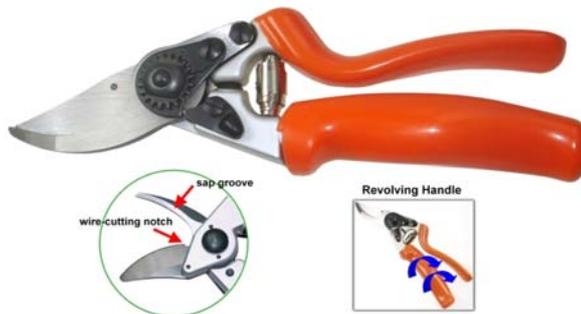

- Total size... 9" (230 mm)
- Upper Blade... High carbon SK-5 steel, Non-stick teflon coated blade with removable holdest cutting board.
- Lower Anvil... Zinc alloy holder, S50C steel, Hard chrome plated.
- Aluminum handle with PVC grips Upper handle.
- Aluminum handle with PP plastic lower handle.
- Comfort contoured handle & lower handle can 90 degree rotating .
- The revolving handle spreads the muscular force evenly over the five fingers thus preventing tendonitis and inflammation.
- The blade with removable "Cut & Hold" feature for fruit and flower harvesting fast and easily.

980311-01D 9" BY-PASS PRUNING SHEAR

- Total size... 9" (230 mm)
- Upper Blade... High carbon SK-5 steel, Non-Stick PTFE coated blade with removable holdest delrin cutting board .
- Lower Anvil... Zinc alloy holder, S50C steel, Hard chrome plated.
- Aluminum Handle with PVC grip.
- The blade with "Cut & Hold" feature for fruit and flower harvesting fast and easily.

QA-1197 8-1/2" BY-PASS PRUNING SHEAR

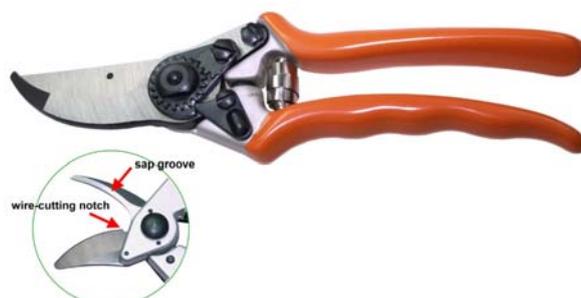

- Upper blade... High carbon SK-5 steel, polished finish.
- Lower blade... High carbon SK-5 steel, black finished.
- Forged aluminum handle, anodized finish with PVC coating and the revolving lower handle.
- Blade with wire-cutting notch, sap groove.
- Close tolerance pivot bolt and easy to replace high carbon steel blade.
- The revolving handle spreads the muscular force evenly over the five fingers thus preventing tendinitis and inflammation.

SR-428 PRUNING SHEAR

- Size... 8-1/2" (210 mm)
- S50C carbon steel blade
- Body... Aluminum alloy steel

QA-1196 8-1/2" BY-PASS PRUNING SHEAR

- Upper blade... High carbon SK-5 steel, polished finish.
- Lower blade... High carbon SK-5 steel, black finished.
- Forged aluminum handle, anodized finish with PVC coating.
- Blade with wire-cutting notch, sap groove.
- Lightweight forged aluminum construction with rubber shock absorber and cushion to protect the wrist, toothed center-nut for aligning the cutting.
- Close tolerance pivot bolt and easy to replace high carbon steel blade.

QA-1195

8-1/2" BY-PASS PRUNING SHEAR

- Upper blade... High carbon SK-5 steel, polished finish
- Lower blade... High carbon SK-5 steel, black finished
- Forged aluminum handle, anodized finish with PVC coating
- Blade with wire-cutting notch
- Lightweight forged aluminum construction with rubber shock absorber and cushion to protect the wrist, toothed center-nut for aligning the cutting.
- Close tolerance pivot bolt and easy to replace high carbon steel blade

980311-01A

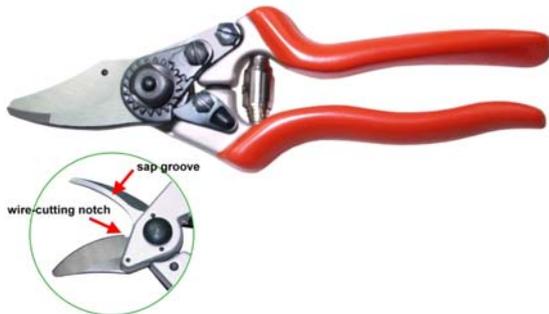

8 1/4" BY-PASS PRUNING SHEAR

- Total size... 8-1/4" (210 mm)
- Upper blade... High carbon SK-5 steel, Non-stick teflon coated blade.
- Lower blade... Middle carbon S50C steel, Hard chrome plated.
- Aluminum body with PVC Grips Upper handle.
- Aluminum body with PP plastic coating Lower Handle.
- Comfort contoured handle & lower handle can 90 degree rotating.
- The revolving handle spreads the muscular force evenly over the five fingers thus preventing tendonitis and inflammation.

QA-1194

8" BY-PASS PRUNING SHEAR

- Upper blade: High carbon SK-5 steel, polished finished.
- Lower blade: High carbon SK-5 steel, black finished.
- Forged aluminum handle, anodized finish with PVC coating.
- Blade with wire-cutting notch, sap groove.
- Lightweight forged aluminum construction with rubber shock absorber and cushion to protect the wrist, toothed center-nut for aligning the cutting.
- Close tolerance pivot bolt and easy to replace high carbon steel blade.

SR-2184

7 1/4" PROFESSIONAL BY-PASS PRUNING SHEAR

NEW

- Product size... 7 1/4"(185mm), Cutting capacity...Ø18mm
- Upper blade... High carbon SK-5 steel, Non-stick PTFE coated blade.
- Lower blade... Middle carbon S50C steel, Chrome plated.
- Drop forged aluminum handle with anodized finish & PVC grips.
- Lightweight forged aluminum construction with rubber shock absorber and cushion to protect the wrist, toothed center-nut for aligning the cutting.

QA-2187

7 1/4" PROFESSIONAL BY-PASS PRUNING SHEAR

NEW

- Product size... 7 1/4"(185mm), Cutting capacity...Ø18mm
- Upper blade... High carbon SK-5 steel, Non-stick PTFE coated blade.
- Lower blade... Middle carbon S50C steel, Chrome plated.
- Drop forged aluminum handle with anodized finish.
- Lightweight forged aluminum construction with rubber shock absorber and cushion to protect the wrist, toothed center-nut for aligning the cutting.

QA-1192

6-3/4" BY-PASS PRUNING SHEAR

- Upper blade... High carbon SK-5 steel, Non-stick PTFE coated blade.
- Lower blade... High carbon SK-5 steel, chrome plating.
- Drop forged aluminum handle with anodized finish.
- Comfortable ergonomic designed handle.

QA-1193

8-1/4" BY-PASS PRUNING SHEAR

- Upper blade... High carbon SK-5 steel, black finished.
- Lower blade... High carbon SK-5 steel, black finished.
- Drop forged aluminum handle with anodized finish.
- Comfortable ergonomic designed handle.

SR-605

PRUNING SHEAR

- Size... 7-1/2" (190 mm)
- S50C Carbon steel blade
- Body... Aluminum alloy steel

QA-1198

8" ANVIL PRUNING SHEAR

- Upper blade... High carbon SK-5 steel, polished finish.
- Lower blade... Zinc Alloy cutting board.
- Carbon steel handles with molded ABS grips.
- The screw in the back of pruner can adjust the opening.

QA-1199

8" ANVIL PRUNING SHEAR

- Upper blade... High carbon SK-5 steel, hard chrome plated.
- Lower blade... Aluminum cutting board.
- Metal handles with molded PVC grips.

QA-1200

8" ANVIL PRUNING SHEAR

- Upper blade... High carbon SK-5 steel, hard chrome plated.
- Lower anvil... Aluminum cutting board.
- Metal body with molded PVC grips.

QA-1201

BY-PASS PRUNING SHEAR

- Size... 7-1/2"
- Blade material... Upper... SK-5 steel, Lower... S50C steel.
- Black finished blade.
- Metal handle with powder coating.

QA-1202

BY-PASS PRUNING SHEAR

- Size... 8-3/4"
- Blade material... Upper... SK-5 steel, Lower... S50C steel.
- Black finished blade.
- Metal handle with powder coating.

QA-1203

8-3/4" BY-PASS PRUNING SHEAR

- Upper blade... SK-5 steel, polished finish.
- Lower blade... SK-5 steel, black finished.
- Metal handle with PVC grips.
- Pressed steel handles, tapered blade, bolt and nut for aligning the blade.

QA-2182

8 1/2" BY-PASS PRUNING SHEAR

NEW

- Product size... 8 1/2"(215mm), Cutting capacity...Ø18mm
- Upper blade... High carbon SK-5 steel, Non-stick PTFE coated blade.
- Lower blade... Middle carbon S50C steel, Chrome plated.
- PP+Fiberglass handles with soft TPR grips.

QA-2183 8" ANVIL PRUNING SHEAR

NEW

- Product size... 8"(200mm), Cutting capacity...Ø18mm
- Upper blade... High carbon SK-5 steel, Non-stick PTFE coated blade.
- Lower Anvil... Delrin, Middle carbon S50C steel, Chrome plated.
- PP+Fiberglass handles with soft TPR grips.

QA-1206 8-3/4" BY-PASS PRUNING SHEAR

- Upper blade... SK-5 steel, Non-stick teflon coated blade.
- Lower blade... 50C steel, Chrome plating.
- ABS handle with soft TPR grips.
- Comfortable ergonomic designed handle with soft TPR grips.

QA-1205 8-1/4" BY-PASS PRUNING SHEAR

- Upper blade... SK-5 steel, Non-stick teflon coated blade.
- Lower blade... 50C steel, Chrome plating.
- ABS handle with soft TPR grips.
- Comfortable ergonomic designed handle with soft TPR grip.

QA-1204 8" ANVIL PRUNING SHEAR

- Upper blade... SK-5 steel, Non-stick teflon coated blade.
- Lower blade... Delrin, 50C steel, Chrome plating.
- ABS handle with soft TPR grips.
- Comfortable ergonomic designed handle with soft TPR grip.

QA-1208 7" BY-PASS PRUNING SHEAR

- Upper blade... SK-5 steel, Non-stick Teflon coated blade.
- Lower blade... 50C steel, Chrome plating.
- Nylon with fiberglass handles.
- Comfortable ergonomic designed handles.
- For small to medium hand sizes.

QA-1207

6-3/4" FLORAL PRUNING SHEAR

- Upper blade... SK-5 steel, Non-stick teflon coated blade.
- Lower blade... SK-5 steel, Teflon coated blade.
- Nylon with fiberglass handles.
- Comfortable ergonomic designed handles.
- For small to medium hand sizes.

SR-2185

7 1/2" PROFESSIONAL TRIMMER PRUNING SHEAR

NEW

- Product size... 7 1/2"(190mm) , Blade length... 55mm , Cutting capacity... Ø14mm
- Blade... High carbon SK-5 steel, Hard chrome plated.
- Drop forged aluminum handle with anodized finish & PVC grips.
- Lightweight forged aluminum construction with rubber shock absorber and cushion to protect the wrist, toothed center-nut for aligning the cutting.

SR-2186

8" PROFESSIONAL TRIMMER PRUNING SHEAR

NEW

- Product size... 8"(200mm) , Blade length... 65mm , Cutting capacity... Ø14mm
- Blade... High carbon SK-5 steel, Hard chrome plated.
- Drop forged aluminum handle with anodized finish & PVC grips.
- Lightweight forged aluminum construction with rubber shock absorber and cushion to protect the wrist, toothed center-nut for aligning the cutting.

QA-2188

7 1/2" PROFESSIONAL TRIMMER PRUNING SHEAR

NEW

- Product size... 7 1/2"(190mm) , Blade length... 55mm , Cutting capacity... Ø14mm
- Blade... High carbon SK-5 steel, Hard chrome plated.
- Drop forged aluminum handle with anodized finish.
- Lightweight forged aluminum construction with rubber shock absorber and cushion to protect the wrist, toothed center-nut for aligning the cutting.

QA-2189

8" PROFESSIONAL TRIMMER PRUNING SHEAR

NEW

- Product size... 8"(200mm) , Blade length... 65mm , Cutting capacity... Ø14mm
- Blade... High carbon SK-5 steel, Hard chrome plated.
- Drop forged aluminum handle with anodized finish.
- Lightweight forged aluminum construction with rubber shock absorber and cushion to protect the wrist, toothed center-nut for aligning the cutting.

QA-1067

TRIMMING SHEAR

- Size... 3(T) × 225(L) mm
- Blade material... SK5 steel, Chrome plated.
- Handle material... PP

QA-1211

5-1/2" TRIMMER PRUNING SHEAR

- Upper blade... SK-5 steel, Non-stick PTFE coated blade
- Lower blade... SK-5 steel, PTFE coated blade
- Aluminum handle

QA-1209

6" BY-PASS PRUNING SHEAR

- Upper blade... SK-5 steel, Non-stick PTFE coated blade
- Lower blade... S50C steel, hard chrome plated
- Aluminum handle

QA-1210

6-1/2" TRIMMER PRUNING SHEAR

- Upper blade... SK-5 steel, hard chrome plated
- Lower blade... SK-5 steel, hard chrome plated
- Aluminum handle with powder coating

QA-1064

5" MINI TRIMMING SHEAR

- Cutting capacity... 5 mm, Size... 2.5(T) × 127(L) mm
- Blade... SK5 steel, Chrome plated, PP handle
- Perfect shears for bonsai or potted plants.
- Finger ring for easy operation.
- Rust-proof alloy steel blades.
- For clean, accurate cuts.

QA-1066

5-1/2" MINI BY-PASS SHEAR

- Cutting capacity...10 mm, Size... 2.5(T) × 140(L) mm
- Blade... SK5 steel, Chrome plated, PP handle
- Perfect shears for bonsai or potted plants.
- Finger ring for easy operation.
- Rust-proof alloy steel blades.
- For clean, accurate cuts.

QA-1065

6" MINI TRIMMING SHEAR

- Cutting capacity... 2.5 mm, Size... 2.5(T) × 152(L) mm
- Blade... SK5 steel, Chrome plated, PP handle
- Perfect shears for bonsai or potted plants.
- Finger ring for easy operation.
- Rust-proof alloy steel blades.
- For clean, accurate cuts.

QA-1212

FOLDING PROFESSIONAL HEDGE SHEAR

- Total length... 650 mm. Upper blade size... 9" × 3.5 mm.
- Blade material...SK-5 steel, Non-stick PTFE coated.
- Oval tubular aluminum handles, With PP non-slip grips.
- Folding angle from 0° to 180°.

SR-2061B

19-1/2" STRAIGHT HEDGE SHEAR

- Blade... 8" × 4 mm, S50C steel, Edge with heat treatment, Full polished blade, With joint ring.
- Rubber wood handle

QA-1513

SAVES LABOR LOPPER

- Max. cutting diameter... 45mm (1- 3/4")
- Upper blade... SK-5 steel, Non-stick PTFE coated blade.
- Aluminum tube, PP handle, Length... 855 mm (33-7/10")
- Jaw with hook shaped design, Hold the branches firmly, Easier pruning cuts, Two hands when operating savings effort. The structure designed newly and with effort saving system.

QA-1167

7 PATTERN FRONT LEVER TRIGGER NOZZLE

- Zinc body.
- 7 pattern...
Mist, Soaker, Cone, Flat, Jet, Center, Shower.

QA-1147

METAL HEAD FRONT TRIGGER NOZZLE

- Body material... Zinc + T.P.R.
- With flow control.

QA-1152

9 PATTERN ALUMINUM TRIGGER NOZZLE

- Body material...
Aluminum + T.P.R.
- With painting finish.
- 9 pattern...
Mist, Cone, Fan, Jet, Flow, Center, Flat, Shower, Soaker.

QA-1155

5-1/2" METAL TRIGGER NOZZLE

- Body material... Zinc + T.P.R.
- Adjustable Brass head, With removable thread protector.

QA-1148

7 PATTERN METAL FRONT TRIGGER NOZZLE

- Body material... Zinc + T.P.R.
- With flow control.
- 7 pattern...
Mist, Center, Flat, Shower, Cone, Full, Soaker, Fan, Jet.

QA-1154

5-1/2" METAL TRIGGER NOZZLE

- Body material... Zinc + T.P.R.
- With removable thread protector.

QA-1158

7 PATTERN PLASTIC TRIGGER NOZZLE

- Body material... ABS + T.P.R.
- 7 pattern...
Mist, Soaker, Cone, Flat, Jet, Center, Shower.

QA-1157

PLASTIC TRIGGER NOZZLE

- Body material... ABS + T.P.R.
- With adjustable head.

QA-1160

10 PATTERN FREE ANGLE WATER WAND

- Telescoping from 36" to 60"
- Material... Body... T.P.R. + ABS, Tube... Aluminum, Handle... Zinc + T.P.R.
- Front metal trigger, Handle with flow control.

QA-1164

3/4" MECHANICAL TIMER

- Up to 2 hours watering time.
- Material... ABS, with male thread.
- Swivel tap nut for easy adjustment on tap.
- Set and forget timer mechanism saves your time and worry.
- Switch to manual operation at any time.

QA-1159

9 PATTERN 28" FREE ANGLE WATER WAND

- Material... Body... T.P.R.+ ABS, Tube... Aluminum, Handle... T.P.R. + ABS
- With Shut-off switch.
- 9 pattern... Mist, Cone, Fan, Jet, Flow, Center, Flat, Shower, Soaker.

G-7661-C

IMPULSE SPRINKLER

- With G-4050 hose coupler 3/4"

QA-1168

JET SPRAY

- Brass jet, aluminum tube, zinc handle.
- Length... 60 cm
- Includes two brass nozzle... Narrow stream spray, Wide power fan spray.
- High pressure washer. Get into hard to reach places.

QA-1162

18 HOLE GEAR DRIVE OSCILLATING SPRINKLER

- With brass jet, aluminum spray tube, metal and plastic base.

QA-1163

18 HOLE DANCING OSCILLATING SPRINKLER

- With brass jet, aluminum spray tube, metal and plastic base.
- With heat cam & "U" metal tube base.

G-7612A-E

BRASS ROTARY SPRINKLER WITH 3/4" ADAPTOR

- With 3/4" adaptor (G-4011)

QA-1161

15 HOLE OSCILLATING SPRINKLER

- With Aluminum spray tube & plastic base.

991125-01A

HOSE HANGER STAND

Unit : mm

- Material... CO-PP
- Size... L 235 × W 158 × H 130 mm

G-7608-SA

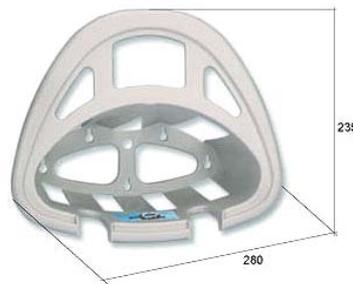

3 ARM ROTARY SPRINKLER WITH 3/4" ADAPTOR

- Arm Material... Aluminum steel
- Sled Base Material... Zinc
- With 1pc 3/4" Adaptor, Material... Impact PP

991125-01B

HOSE HANGER STAND

Unit : mm

- Material... CO-PP
- Size... L 280 × W 140 × H 235 mm

991125-01D MULTIPLE DOUBLE HANGER

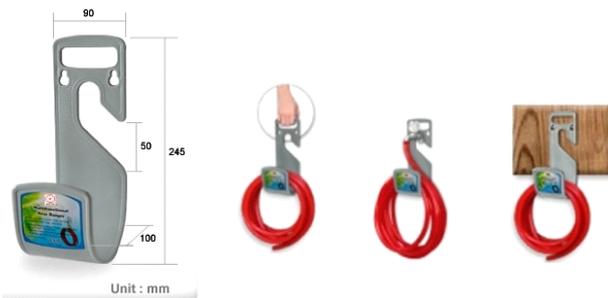

- Material... ABS
- Size... L 240 × W 95 × H 210 mm
- 20 Kgs loading

991125-01J HOSE GUIDE SET

- Material... CO-PP
- Good Size... L 245 x W 95 Dia. mm

991125-01E MULTIFUNCTIONAL HOSE HANGER

- Material... ABS
- Size... W 100 × H 245 × Handle W 90 mm
- 25 Kgs loading

QA-1658 COIL HOSE HOLDER

- Contents...
 - 1 _ 25 feet coil (6M) with quick connectors and stand
 - 1 _ 7 pattern spray gun
 - 1 _ Cleaning brush
- 7 pattern dial provides a variety of applications...
 - Cone, Mist, Shower (center), Flat, Soaker, Jet, Shower.

991125-01H HOSE HANGER TIE

- Material... PE
- Size... L 580 × W 105 mm

QA-1659 COIL HOSE HOLDER

- Contents...
 - 1 _ 40 feet coil (12M) with quick connectors and stand
 - 1 _ 7 pattern spray gun
 - 1 _ Cleaning brush
- 7 pattern dial provides a variety of applications...
 - Cone, Mist, Shower (center), Flat, Soaker, Jet, Shower.

S-9629
13" (330MM) CURVE PRUNNING SAW

- Size... 13" (330 mm)
- Blade 13" (330mm) × 1.0mm (T), High carbon steel blade, Lacquered, File teeth, Impulse-hardening teeth.
- Handle... Iron tube with TPR handle (black color)

QA-1786
DIY LAWN EDGE TRIMMER (Assemble)

- Size... 1180(L) × 285(W) mm
- Material... CO-PP/Iron/Stainless steel blade
- Being effective to trim the root of weeds and make the disordered lawn to keep the perfect shape of lawn.
- Trims grass edging quickly and neatly.
- Using body weight for easy entry into ground.

QA-2181
MULTI-FUNCTIONAL SHARPENER, WITH FOLDABLE GRAFTING KNIFE

- Product size... 6 3/4"(160mm)
- Blades material... Tungsten carbide
- Grafting knife material... Stainless steel 440A
- Body... Nylon + Fiberglass, Handle... ABS
- Material-Tungsten carbide can makes a clean grind and then re- sharpens grass hooks, weed knives, loppers & pruning knives sharp as new.
- With Sharpening tool.
- Protective arch in the lower handles safeguards fingers from harm when sharpening.

980311-03G
7-3/4" FOLDING GRAFTING KNIFE

- Total size... 7-3/4" (195 mm)
- Blade... Stainless steel
- Handle... Nylon with fiberglass
- Suitable for left or right handed use.
- Folding knife-strongly sprung to retain blade safely.
- Sharp and durable for grafting work.
- Sharp garden knife for all small pruning jobs in the garden-taking cuttings, pruning of small branches, trimming cut edges, cleaning up tree wounds.
- The tip of the blade with a pointed, perfectly for pruning and grafting jobs.

980311-03L
6" FOLDING GRAFTING KNIFE

- Total size... 6" (150 mm)
- Blade... Stainless steel
- Handle... Nylon with fiberglass
- Suitable for left or right handed use.
- Folding knife-strongly sprung to retain blade safely.
- Sharp and durable for grafting work.
- Sharp garden knife for all small pruning jobs in the garden-taking cuttings, pruning of small branches, trimming cut edges, cleaning up tree wounds.

980311-03N
7" FOLDING PRUNING KNIFE

- Total size... 7" (180mm)
- Blade... Stainless Steel
- Handle... Nylon with fiberglass
- Suitable for left or right handed use.
- Folding knife-strongly sprung to retain blade safely.
- Sharp garden knife for all small pruning jobs in the garden-taking cuttings, pruning of small branches, trimming cut edges, cleaning up tree wounds.

980311-03B
8" MULTI-SHARPENER

- 3 in 1 Sharpener, Total size... 8" (200 mm)
- Blades... Tungsten carbide & Metal.
- Nylon with fiberglass body with ABS plastic protective arch.
- Removable Oil-soaked sponge... Wipe the antirust oil to prevent the blade from rusting.
- Sharpening... Material-Tungsten carbide can makes a clean grind and then re-sharpens grass hooks, weed knives, loppers and pruning knives sharp as new.
- Protective arch in the lower handle safeguards fingers from harm when sharpening.
- One razor blade of the head can rub one piece of the edge of a knife, make it sharper and will not injure the edge of a knife of another side.
- Two razor blades of the middle can rub the knife, make it sharper.

980311-03C
4-3/4" MULTI-SHARPENER

- 2 in 1 sharpener, Total size... 4-3/4" (120 mm)
- Blades... Tungsten carbide, Handle... ABS Plastic
- Sharpening... Material-Tungsten carbide.
- Sharpening... Scythe, grass hooks, weed knives, pruning knives, straight-edge loppers, kitchen knives.
- Removable oil-soaked sponge... Wipe the antirust oil to prevent the blade from rusting.

QA-1710
HOOKED GARDEN KNIFE

- Total length... 7.5", Blade thickness... 1.5 mm
- Blade material... Stainless 420J2
- Standard color handle... PP (Black) & TPR (Red)
- The L-shaped blade is perfect for cutting grass edges alongside paths etc.
- Great for cutting cabbages, lettuces, trimming leeks, beetroot and carrots.
- Cut string and twine to tie up plants, to trim fleece, capillary matting or weed suppressant membrane to size.
- Good for splitting and dividing plants.

QA-1711
HOOKED GARDEN KNIFE

- Total length... 7.5", Blade thickness... 1.5 mm
- Blade material... Stainless 420J2
- Standard color handle... PP (Black) & TPR (Red)
- Serrated hooked blade is used for harvesting grapes, melons, cucumbers and squashes.

KF-220
LINOLEUM KNIFE

- Total length... 8.5", Blade thickness... 1.5 mm
- Blade material... Stainless 420J2
- Standard color handle... PP (Black) & TPR (Red)
- Super sharp linoleum knife with straight and serrated edges.
- Easily cuts sod and harvests vegetables as well as general gardening work and landscaping applications.

QA-1712
GARDEN KNIFE

- Total length... 10", Blade thickness... 1.5 mm
- Blade material... Stainless 420J2
- Standard color handle... PP (Black) & TPR (Red)
- Designed to slice off cabbages, lettuce and trim leeks, celery, asparagus and much more.
- This knife with its scalloped and serrated blade is an invaluable tool to the kitchen and gardener who will find many other uses.
- Effortlessly and cleanly cut.

QA-1514
8-1/4" GRASS CUTTER

- Blade... High carbon SK-7 steel, Chrome plating
- Handle... P.P.

QA-1515
8-1/4" GRASS CUTTER

- Blade... High carbon SK-7 steel, Chrome plating
- Handle... P.P.

QA-1516
8" GRASS CUTTER

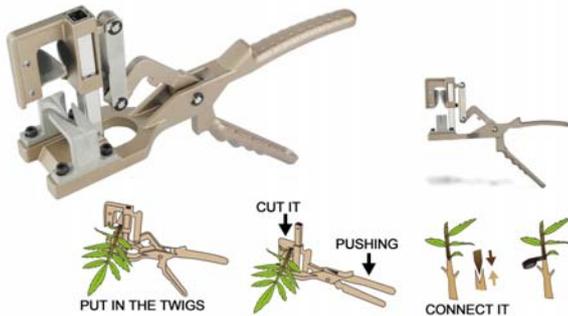

- Blade... High carbon SK-7 steel, Chrome plating
- Handle... P.P.

QA-1517
8" GRASS CUTTER

- Blade... High carbon SK-7 steel, Chrome plating
- Handle... P.P.

QA-1511 GRAFTING TOOL

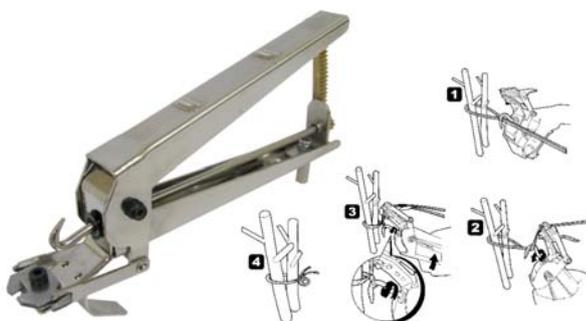

- Save labor • Do not use on dry or old hard wood.
- Step 1... Hold the grafting stock in the grafting tool and squeeze the handle to make the cut. Repeat this step to cut a stem from the donor plant. Take care to ensure that the groove is cut in the stock plant.
- Step 2... Slide the donor stem into the groove of the stock plant, matching the cut surfaces as closely as possible. If the stock and donor plant are not the same size, match on one side only.
- Step 3... Place sterilizing material around the join and bind with tape. The sterilizing material will protect against bacteria and weather conditions.

GF-113 PROFESSIONAL GRAFTING TOOL

- Step 1... Hold the grafting stock in the grafting tool and squeeze the handle to make the cut. Repeat this step to cut a stem from the donor plant. Take care to ensure that the groove is cut in the stock plant.
- Step 2... Slide the donor stem into the groove of the stock plant, matching the cut surfaces as closely as possible. If the stock and donor plant are not the same size, match on one side only.
- Step 3... Place sterilizing material around the join and bind with tape. The sterilizing material will protect against bacteria and weather conditions.
- Use the pruner to cut useless branches from the plant.
- Do not use on dry or old hard wood.

WD-115 WINDING TOOL

- The winding tool winds iron wire around the item to be tied up.
- Apply Iron wire on the object only.
- Offers the benefits of speed, and time and labor savings.

WL-3562 WIRE LOCK

- Suit for wire Dia. 3.50 to 6.20 mm
- Wire lock has wide applications to encircle the hedge, erect vine rack and hang objects.
- It can be used to connect the end wire easily or thread trough one end to encircle one fixture prior to threading from another rail at lower part.
- It has lock button for user operation lock and un-lock the wire easily.
- This unique wire joiner works anywhere you need to join wire quickly, its excellent performance.
- Up to six times faster than traditional methods of joining smooth wire and fencing.

GO-8039H
METAL FAN RAKE

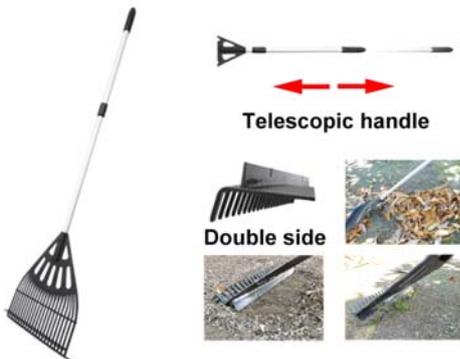

- Rake size... 16" × 22T
- Wood handle size... 7/8" × 48"

GO-1027H
PLASTIC FAN RAKE WITH WOOD HANDLE

- Plastic rake, Size... 24" × 27T

QA-1789
DOUBLE-SIDE LEAF RAKE WITH TELESCOPIC ALUMINUM HANDLE

- Size... 310(W) × 910 to 1350(L) mm
- Material... CO-PP / PVC / Aluminum
- Multi-function with the double sides of rake.
- Being easy to clean the tiny leaves, stones, rubbish, or with the flat part.

QA-1790
MULTI-FUNCTION GARDEN RAKE

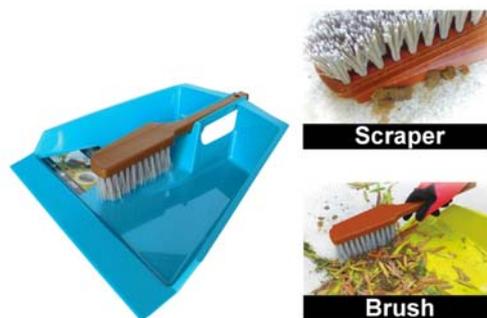

- Size... 1530(L) × 300(W) mm
- Wooden handle length... 1200 mm
- Material... HS-ABS
- Multi-function Garden tool (rake, shovel and sieve) is unique design and useful tool with light weight and durable.

QA-1787
LEAF DUSTPAN WITH RAKE SET

- Rake size... 345(L) × 210(W) mm
- Duspan size... 420(L) × 390(W) × 110(H) mm
- Material... CO-PP
- Multi-function and utility tool set.
- You can use the rake side to collect the fallen leaves and garbage.
- The tiny things (small leaves, grasses, rubbish...) and stones could be gathered easily by using the flat side of rake.
- For the small home garden using and also for the working platform.

QA-1788
LEAF DUSTPAN WITH BRUSH SET

- Brush size... 350(L) × 70(W) mm
- Duspan size... 420(L) × 390(W) × 110(H) mm
- Material... CO-PP/PP
- Being suitable for using in small garden and work platform.
- It is easy to clean the fallen leaves, tiny sand or trash with brush.
- With the scraper, removing the remaining soil or trash which sticks on the ground is not a problem.

QA-1782
GARDEN GARBAGE BAG HOLDER

- Size... 470(L) × 300(W) mm
- Material... ABS/PP
- It's simplicity and easy to use for leaves collection and rubbish in the yard.
- The needle of triangle shaped design will fix garbage bags on the frame easily, no matter what your specification of bags, it still can be fixed on it.
- 2 ways of handle, just use the grip or add a wooden handle.
- Loading weight 10 kgs.

QA-1783
GARDEN GARBAGE BAG HOLDER WITH PLASTIC HANDLE

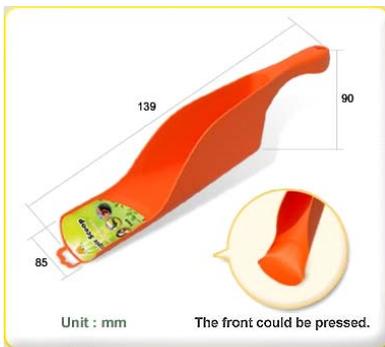

- Frame size... 470(L) × 300(W) mm
- Handle length... 540 mm
- Material... ABS / PVC (non-toxic)
- It's simplicity and easy to use for leaves collection and rubbish in the yard.
